This tournament is being held at a camping ground so we will be using it with others. We can use the dining room, the games room and the TV room to play in but there may be others around. We may have to play in various units. Flexibility will be the order of the day! There is no obligation to stay at the holiday park but if you don't there is a small daily fee for entering it, and you will have to report to the office. If you do want to stay in the park, then I suggest you book early. There are various types of accommodation available.
